ENGINEERS

Second EAGE Workshop on Practical Reservoir Monitoring

1-4 APRIL 2019 • AMSTERDAM, THE NETHERLANDS

- **First Announcement & Call for Abstracts**

WWW.EAGE.ORG

TECHNICAL COMMITTEE

Jeremy Henderson	Nexen Petroleum
Paulo Johann	Petrobras
Colin MacBeth	Heriot-Watt University
Mark Thompson	Equinor
Kanglin Wang	Shell

OVERVIEW

The Second EAGE Workshop on Practical Reservoir Monitoring is going to be held in Amsterdam from 1 - 4 April 2019. While the first workshop, held during a low-price regime, demonstrated the value of improving production profiles of existing fields and yielding returns in months and years. It also investigated the benefit of investing in a solid baseline of data for capital intensive development projects where the return on investment has lead times measured over longer periods of time. The price regime has improved since the last workshop, but many of the capital constraints remain.

This second workshop edition will focus on the practical applications of Reservoir Monitoring. During the four days of workshop, industry experts will investigate how reservoir monitoring processes can be optimized in order to achieve a full recovery potential of any oil and gas field.

The benefits of incorporating geophysical and engineering data by reservoir engineers, production engineers and others for reservoir monitoring purposes will be investigated through case studies and discussion.

New ideas and future trends for 4D techniques and applications will be explored as well as updates on the progress of Permanent Reservoir Monitoring.

As with the previous workshop a key feature will be an emphasis on discussion and debate and a high level of interaction between the workshop participants.

TOPICS

The committee would like to encourage you to submit your abstract on Practical Reservoir Monitoring for a poster or oral presentation on the following topics and sub-topics:

Permanent Reservoir Monitoring

- Established installations
- New installations
- In-well

User cases

- Well planning
- Reservoir management
- Production optimization
- Overburden Integrity

Developments in the use of 4D for modelling

- Reservoir
- Geomechanical
- Geomodelling

Realtime monitoring

- Passive seismic
- Drilling operations

New geophysical methods

- Shear waves
- Simultaneous sources
- Broadband
- Receiver solutions
- Distributed Acoustic Sensing (DAS)

New insights

- Data integration: Geophysics, Engineering, In-well sensing, Geomatics...
- Automation
- Data Analytics (Machine Learning, Deep Learning etc)

SUBMISSION GUIDELINES

The technical committee invites submissions of 1-2 page abstracts including at least one figure via the event website: events.eage.org

The abstract submission deadline is: 21 January 2019

IMPORTANT DATES

The Call for Abstracts is now open!

Abstract Submission Deadline	21 January 2019
Early Registration Deadline	1 March 2019
Late Registration Deadline	18 March 2019

“New ideas and future trends for 4D techniques and applications will be explored as well as updates on the progress of Permanent Reservoir Monitoring”

REGISTRATION

Find below a complete overview of the registration fees:

REGISTERED AND PAID	Until 1 March	From 2 -18 March	After 18 March
WORKSHOP³			
EAGE Member	€ 655	€ 755	€ 805
EAGE Student Member ¹	€ 305	€ 355	€ 305
Non-Member ²	€ 755	€ 855	€ 905
Full-time student non-member ^{1,2}	€ 355	€ 405	€ 455

Please note: to qualify for the member registration fee, your EAGE membership dues for 2019 must have been paid and confirmed. The processing time for membership applications or renewals is 10 working days.

1. The non-member fee includes EAGE membership for 2019.

2. To qualify for the reduced student registration fee:

- Students must be enrolled in a full time study programme at a recognized university or institute
- The registration must be accompanied by a copy of a student ID card and/or official proof of enrolment.
- Please note: Student non-members can't be older than 34 years of age (when registering)

3. Please note that EAGE reserves the right to cancel the workshop due to low participation. In this case, payment will be refunded in full.

SPONSORING

The Second EAGE Workshop on Practical Reservoir Monitoring offers excellent sponsoring opportunities to create high visibility. For more information about sponsoring, please refer to the 'Sponsor Guide' that is available on the workshop website or contact us at corporaterelations@eage.org.

CONTACT

For further up-to-date information, please visit the conference website events.eage.org or contact the EAGE Europe Office at +31 88 9955055 or eage.events@eage.org.
